Gentlemen:-

Re our Statistics of Fishing for 1923,
please note our Mr. Armstrong, who is still in Alaska, has
the information, which you require.

From advice we had received from him, we
were positive that he would be here in time so we could comply
with your request and send in report. We are now in receipt
of further information from Mr. Armstrong that he will be unable to
reach Seattle before the fifteenth of January. On account of
lack of mail service to that vicinity, we have been unable to
be prompt in the matter.

We ask your kind indulgence and assure you the
moment Mr. Armstrong arrives, we will give you desired information.

Yours very truly,

NORTH COAST PACKING COMPANY.
